

Secretary Speaker Series

PRESERVING CONSERVATION

Revitalizing Fishing and Hunting in California

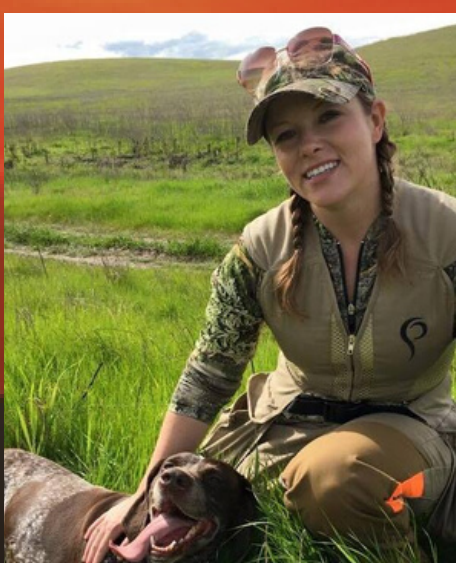

Since the 1980's outdoor sport and recreation have been on the decline, decreasing valuable funding for wildlife conservation and habitat restoration. This Secretary Speaker Series event will shine a light on how fishing, hunting, archery, and shooting sports are connected to California's conservation efforts and explore how we can make these activities more accessible to all Californians.

JUNE 23 FROM 12:30-1:45 PM

**LIVE-STREAMED AT
TINYURL.COM/CARESOURCESYOUTUBE**
